• **General 209<sup>th</sup> Corps Comments:** Manning and Equipment Readiness remain at CM 1 throughout the Corps. Sustained operations have a negative effect 1<sup>st</sup> and 2<sup>nd</sup> BDE CM level. Focus will shift to improving 2<sup>nd</sup> BDE capability in AOR. Corps remains at CM4 in Equipment O/H due to shortfalls in Communication, Medical and additional miscellaneous equipment.

• **GSU MES :** Assessment/validation made October 2009 - CM 1.

• **2<sup>nd</sup> BDE HQ:** Change in leadership has showed some results in training (CM3). The preparation and conduct of OP Pamir has also served to train the BDE staff for MDMP and related topics.

• **3/2/209<sup>th</sup> :** Change of leadership resulted in improvements in TNG and S&L. They are still having equipment accountability issues.

• **5/2/209<sup>th</sup> :** KDK is still living and working in a temporary tent area, which severely limits KDK's ability to train and improve.

# 209<sup>th</sup> Corps Training Assessment

UNIT	TRAINING ASSESSMENT	COMMENTS
209 Corps HQ	1	Corps focus will be on training/fielding of UAH/ NATO Wpns and fielding of the 3rd Bde
1ST BDE HQ	1	Focus on ongoing operations has set necessary training issues aside. Training has decreased to a minimum due to AWOL and illness in combination with the Training Officer being acting G3 in the Bde HQ. Training for the HQ, focusing on map skills and reporting, has yet not started and can only be kept on a basic level.
MeS GSU	2	Progress continues in physical training, marksmanship, ECP procedures, camp & ECP defense, C2, and logistic accountability. GSU provide training for building manager in Camp Shaheen for more efficient maintaining of they buildings.
1/1 KANDAK	1	COYs do not have universal SOP, each operates separately. Overall Infrastructure requires improvement. Mentors are assisting COY CDRs developing SOPs for each area of responsibility.
2/1 KANDAK	1	High OP tempo and problematic deployment cycle will, if not changed in future ops, lead to a drop in trng, and hence in CM level
3/1 KANDAK	2	The kdk shows improvement in executing mission, training has improved skills. 3th kdk facing many challenges in terms of planning logistics, equipment maintenance and training in conjunction with operations.
4/1 KANDAK	3	Kandak has made some significant progress on increasing individual and crew-level training proficiency at the company level since last month
5/1 KANDAK	2	The Kandak is conducting weapons and vehicle maintenance training in preperation to conduct more maintenance in the Brigade. Also in the specific logistic task the logisticpersonel need the logistic trainingcourses.
2ND BDE HQ	4	Op PAMIR have served to train the BDE staff for MDMP and the related topics. The last operations have definitely improved the capability to lead subordinate units within the Bde.
1/2 KANDAK	3	Drivers training continues for the new personnel. 4th Coy will conduct a live fire exercise in Baharak.
2/2 KANDAK	2	Kdk participated in 11 opérations, some combined with the PRT. Training emphasis has been placed on TTP's, C&S, Road Sweeping, and Reaction to ambushes. Live fire exercise proved useful and has motivated the kdk. Mentors are training to a T3 concept.
3/2 KANDAK	4	Lacking ability to forecast trng needs
5/2 KANDAK	4	Bad command infrastructure prevents the kdk from conducting effective training, especially for maintenance and medical personell. Storage capacity is limited due to storing kdk's in-use equipment. Overall CM3 rating is decreasing due to kdk supporting security for the temporary camp, which consists of 80 soldiers daily.

## TOP ISSUES

Issue: OCC Tashkil needs to be re-addressed from a personnel and equipment standpoint.

Fix: MOI/MOD need to come to a consensus on the OCC Tashkil so it benefits ANA, ANP, ABP.

Issue: ANP need a retention program focused on bonuses for literacy and leadership schools.

Fix: MOI needs to identify incentives to keep trained Policemen in the force.

Issue: Training facility for the western part of the north, specifically located in the Faryab province.

Fix: Build another RTC in the West.

Issue: ANP Regional Commander needs a reserve force for provinces sending personnel to non FDPD schools.

Fix: Provide additional ANCOP to be utilized at the 303<sup>rd</sup> Regional Commander's discretion.

Issue: OCC sustainment plan from MOI/MOD. Specifically how much money they are authorized and how it gets distributed.

Fix: MOI/MOD need to look at a different means of providing logistical support to the OCC's.

- Khowst GSU pending equipping for comms equipment – MOD 14 submitted on 3 March and resubmitted in June.
- 3/2 Conducts Ops only with BSO prompting. No TLPs conducted due to limited warning of mission. No consistency/cohesion in regards to platoon/sqd assignments. Supply system needs major improvement – MOD 14s rarely get filled.
- 4/2 Kandak CM2 level: FA Specific training will prepare 4/2/203<sup>rd</sup> for validation in fall 2009.

# 203<sup>rd</sup> Corps Top Issues

- **Issue: AWOL Soldiers-** AWOL rates throughout the Corps needs improvement. Rates increased this month in every brigade.  
**Fix:** Increased partnering at the Coy/Kandak levels and the enforcement of training cycle management should help the overall reduction in AWOL rates. The inception of the RST and the use of TF Storm on Winterization issues should be effective in the reduction of these rates. Contract specific improvement in facilities and infrastructure will also go a long way toward AWOL reduction.
- **Issue: Infrastructure-** Infrastructure deficiencies threatens the morale of our ANA partners and contributes to their high AWOL rate.  
**Fix:** Infrastructure is key to building the new force. Streamlining of the process will allow for the increase in rate of development.
- **Issue: Shoot - Weapons Inventories -** High OPTEMPO and dispersed units restrict ability to conduct 100% eyes-on accountability.  
**Fix:** Emphasize hand-receipt accountability and arms room procedures to preclude weapon loss.

### Shawak – Cycle 3

Currently **CM 3** Assessment as of October 09

#### •Personnel

- Currently operating at 58% of authorized strength: 43 auth, 25 assigned
- Recruiting is the number one priority, but difficult due to high threat
- No investigation or intelligence activities as these positions have been vacant for several months
- Failure to report and discipline patrolmen for drug abuse

#### •Training

- Most assigned ANP have completed Basic 8 training at J-Bad RTC; approximately 80 % trained
- ANP routinely fail to appear for scheduled training

#### •Equipment

- The district is fully equipped
- Two connexes belonging to the DC are at the Waza Zadran DC and need to be returned
- Maintenance contracts for generators needs to be renewed
- Two trucks belonging to the DC are on loan to Gerta Serai

#### •Intangibles

- Logistics Officer, a LTC, outranks the Chief of Police, a Captain

#### •Facilities

- Patrolmen sleeping in the existing DFAC
- Not enough to room to house ANP authorized under tashkil
- Only one of two generators working, but in disrepair

#### •Governance / Rule of Law

- The district runs on its own with little help or involvement with Provincial.

Mata Khan Cycle 3

Currently **CM 3** Assessment

Projected **CM 2** Assessment in 2 months

## •Personnel

•Have not received manning report/Tashkil it is maintained at Rushmore, however B95 is working to get that to us ASAP. The lack of NCO's here is perplexing, ANP chief is working too much instead of planning, tracking and managing patrols. We are thinking about implementing a promotion from within the ranks to get the squared away soldiers into NCO positions.

## •Training

•Currently working on Skill Level 1 tasks, such as RFR, and basic individual buddy aid. Also conducting personnel and vehicle search classes.

## •Equipment

• DC needs a base station radio that will allow communications between the DC and the OCCP, also the comms have an issue with going down in hours of limited visibility; need to get insight and get that squared away. 1 x Ranger is at Rushmore awaiting to be fixed. The ANP here don't have enough ammo to conduct realistic training, let alone zero/rifle marksmanship. Awaiting Equipping Tashkil from PHQ.

## •Intangibles

•CoP, ANP, DSG, and NDS need to continue to build a working relationship with the local populace. We have conducted joint patrols daily in the Matah Khan area.

## •Facilities

We continue to work daily with the ANP about cleanliness of living areas, as well as identifying an area to open a Joint-Planning cell, IOT to facilitate joint CF/ANSF planning, patrol tracking, and intel gathering.

## •Governance / Rule of Law

Village elders, along with CoP and Sub-Governor, conduct Shuras regularly. NDS reports that CoP is corrupt and claims money for 70 patrolmen when he only has 28 here. We are continuing to work that situation and determine what the CoP is actually reporting.

## RC-EAST (TAC 2) FPDD Comments

### Zormat

Currently **CM 3** Assessment  
Projected **CM 2** Assessment in 4 months

#### • Personnel

- 63 out of 151 ANP (Officers & NCOs included) were accounted for in Zormat. Most of Zormat ANP have been assigned to Gardez PHQ but remain on Zormat Personnel roster. We are still waiting on an updated manpower report from logistics.
- We are in desperate need of NCOs and Officers in the Zormat District.

#### • Training

- ANP have started a training class on securing a crime scene and collecting evidence in preparation for a evidence processing lab to be built in the Zormat DC.
- CoP is very supportive of training but is limited on the number of personnel due to shortage and commitment to daily patrols.

#### • Equipment

- Electricity and water are still inoperable due to construction at DC and checkpoints. Generators and heaters are needed. In Zao checkpoint additional barracks are also needed.

#### • Intangibles

- Locals cautious of ANP patrols, but some are willing to take ANP contact number.

#### Facilities

- O&M Contract not being upheld. Many issues need to be fixed.
- We have spoken directly with the contractor about delivering necessary materials. He seems willing to comply.
- The workers are not truthful about the whereabouts of others who are supposed to be working at the DC. This has been brought to the contractor's attention and he will work the issue.

#### Governance / Rule of Law

- Tribal leaders working with Sub-governor/ Police Chief to bring district on board
- Showing support of local leaders

Andar Cycle 4  
Currently **CM 2** Assessment  
Projected **CM 1** Assessment in 2 months

### •Personnel (Assigned: 162/ Tashkil: 208)

- Personnel strength 78%; Tashkil: 13/53/142 and 6 CID; Assigned: 4/15/143 and 1 CID
- Regional Commander allowed district to recruit patrolmen against NCO vacancies greatly increasing strength
- 10 patrolmen passed MOI NCO testing in March
- District mans 1 OP (ANA/ANP); 0 JCOP (BSO/ANP/ANA); 10 ANP Checkpoints
- Officers assigned on Andar tashkil are reporting for duty at Provincial, the chief has addressed this issue with no success. (8 slots) filled but not performing work in ANDAR

### •Training

- 75% are school trained; 70% are able to conduct their job professionally; 16 recruits awaiting TSS training.
- PMT-D working on TCP training for AUP at checkpoints

### •Equipment Shoot: 210 weapons on hand / 281 assigned; Move: 30 vehicles on hand / 32 authorized; Communicate: 36/36 radios; and Fuel: receive 2,000 liters a month

- Soldiers have basic equipment for day to day operations
- CODAN Tower inop; Radio operational (J6 conducted assessment of all comms systems. Waiting on report to order equipment) Reluctant to use Codan as ACF have captured ANP vehicles.
- 80% assigned weapons on hand; ANP conducted 100% inventory of district OPs; S4 completing FLIPL for missing weapons

### •Intangibles

- Excellent Police Chief
- Good relationship between PC and sub-Governor
- Strong Personnel Officer (S1); processes personnel actions and pay reports on time, good record keeping
- Strong S-4 has returned to duty.

### •Facilities

- PMT-D/CoP developing priority of work to improve condition of checkpoints
- Restart of Andar DC construction has commenced as of 10 APR 09
- SOW being submitted for ANP portion of Bande Sardeh OP
- Electricity almost non existent, no water available at D.C.

### •Governance / Rule of Law

- District AUP continue to build good relationship with populace. Local media recently reported on ANPs role in improved security in the district
- **Schools closed again due to insurgent pressure**
- **Andar has seen a severe rise in ACF activity resulting in ANP casualties an damaged MRAPS, Patrols in conjunction with ANP have little impact as the ACF target both ANP and coalition forces. Due to intel a joint patrol was performed ANP/PMT-2 which did result in the capture of 2 suspected ACF members.**

Waza Zadran District Center  
Currently **CM 4** Assessment  
Projected **CM 3** Assessment in 3 months

#### •Personnel

- Well below its authorized manpower. The Tashkil authorizes us 79 AUP but we currently have 32 assigned. Gardez assigned us and investigating officer who has failed to report to duty. The records at Gardez show 46 assigned to the DC but 11 work at Gardez and 7 work at the Gerda Shuri DC.
- We are critically low on officers and NCOs.

#### •Training

- Majority of the AUP have attended the Academy in Gardez.
- Due to the shortage of personnel, they will not send any new recruits to Gardez for Training.
- AUP are attentive during training but have the tendency to forget what we taught them if not applied during missions.

#### •Equipment

- The AUP only have four LTV's with two that are operational. Only one truck has a radio installed.
- During an attack in July 2009, the Taliban raided the DC and took several weapons, radios and body armor. The Provincial Headquarters in Gardez is aware of the missing SI's.

#### •Intangibles

- Locals developing trust of Government
- Shuras are not conducted frequently. The Sub-Governor is always in Gardez.

#### Facilities

- The DC has no working Generators or running water.
- The facility has four Guard Towers and five OP's. The AUP need more sandbags and C-wire to fortify there positions.

#### Governance / Rule of Law

- There have been no reports of crime or arrests made during the months of OCT and NOV.
- Some local elders accuse the Sub-Governor of accepting kick backs and bribes for local projects.

- 67 ANP accounted for on last visit. We are still waiting on an updated manpower report from PHQ for the month of August. / 100 Authorized.
- We are in desperate need of NCOs and Officers.

#### •Training

- 45 trained out of 70 accounted for.

#### •Equipment

- The DC now has 10 operational LTVs with radios installed..

#### •Intangibles

- Locals developing trust of Government
- Shuras conducted frequently.

#### Facilities

- Buildings need to be winterized. Require stoves. A MOI 14 has been sent up.

#### Governance / Rule of Law

- Tribal leaders working with Sub-governor/ Police Chief to bring district on board

Sar Hawza Cycle 3

Currently **CM 3** Assessment

Projected **CM 2** Assessment in 2 months

#### •Personnel

• Have not received manning report/Tashkil it is maintained at Rushmore. The lack of NCO's here is perplexing, ANP chief is working too much instead of planning, tracking and managing patrols. Have enough man to fill the OP's and have not been undermanned for any patrols conducted.

#### •Equipment

• DC needs a base station radio that will allow communications between the DC and the OCCP, also need dismounted radios capable of maintaining comms with the DC without the Taliban listening in. Awaiting Equipping Tashkil from PHQ.

#### •Intangibles

•ANP need to continue to build their relationship with the locals of Sar Hawza as they have a poor relationship with the residents. There have been reports of ANP shaking down residents and intimidating locals in the past.

#### •Facilities

Facilities are developing, though eventually we'll require an electrician; also, the generators will need to be moved to an area inside to prevent weather damage. We continue to work daily with the ANP about cleanliness of living areas, as well as identifying an area to open a Joint-Planning cell.

#### •Governance / Rule of Law

Village elders and sub-governor conduct weekly shuras, as well as numerous informal meetings throughout the week. However, the recent string of AAF attacks illustrated the lack of authority the ANP has over the district populace.

#### Facilities

O&M Contract not being upheld. Many issues need to be fixed.

We have spoken directly with the contractor about delivering necessary materials. He seems willing to comply.

The workers are not truthful about the whereabouts of others who are supposed to be working at the DC. This has been brought to the contractor's attention and he will work the issue.

**MANNING:** (242/189 Assigned / Tashkil – there are attached)

- (143%) Tashkil: 9/49/131 (T) Assigned: 9/46/176 (A)
- No CID officer currently assigned. Provincial CID officer available if needed
- Precincts currently man 21 OPS and 6 main substations.

**EQUIPPING:** Shoot (308 critical weapons authorized/ 251 is on hand/ 230 is operational), Move (28 vehicles on hand/ 27 operationally ready/ 21 authorized by Tashkil), Communication equipment (41 radios on hand/ 128 authorized/ 39 operationally ready)

- FLIPLs being done on missing weapons
- Soldiers have basic equipment for day to day operations; completing log files (hand receipts)
- CODAN Tower operational; Radio operational
- All assigned weapons on hand (pistols only officers and NCOs); 100% inventory complete. FLIPL ongoing to resolve lost weapons.

**TRAINING:**

- 94% 176/189 (trained/Tashkil), 12 recruits scheduled for next class at TSS FOB Ghazni, medical and handcuffs course for designated NCOs started on 10 OCT09

**INTANGIBLES:**

- POMLT1 conducting mentoring mission. They need 4 Cougars and additional 5 personnel to act independently
- Good relationship among Precinct Chiefs-SHURAs and PRT projects continue
- Very bad living conditions at Precinct 1;4 need contracts for water supply and winterization
- Good equipment accountability systems at Precinct 1;3;5 and HQ Coy; weak at Precinct 2 and 4.

Deh Yak Cycle 3

Currently **CM 2** Assessment as of Nov 09

Projected **QPM** Assessment in 1 month

## •Personnel (Assigned: 64 / Tashkil: 65)

- Tashkil 8/18/39 and 4 CID; Assigned 2/17/45 and 1 CID
- District mans 0 OPs (ANA/ANP); 0 JCOPs (BSO/ANP/ANA); 2 ANP Checkpoints
- Formal request for Tashkil increase submitted by CoP to Provincial. Should be rated Medium Size/High Threat and receive 35 additional police.

## •Training

- 95% are school trained; 85% are able to conduct their job professionally; 4 attending next TSS
- PMT-D working on TCP training for AUP at checkpoints

## •Equipment Shoot: 191 weapons on hand; Move: 15/15 vehicles; Communicate: 21 radios on hand, 21 authorized; Fuel: 2,500 liters a month

- Soldiers have basic equipment for day to day operations
- CODAN Tower and Radio are operational, however they currently use a (solar charger) to charge batt that powers codan. The ANP are reluctant to use Codan due to the captured vehicles ACF monitors radio.
- 95% assigned weapons on hand; ANP conducted 100% inventory of district OPs

## •Intangibles

- Strong Operations Officer (S3); has led several combat patrols in recent weeks
- Average Personnel Officer (S1); pay and personnel reports are processed regularly
- Weak Logistics Officer (S4); PMT-D S4 mentor has been focusing on establishing weekly/monthly schedules to order/inventory
- New chief assigned this week.

## •Facilities

- Proposed change to move Police HQ building inside current district center complex
- Sleinji checkpoint SOW submitted and being worked by J7
- Zone CDR is recommending establishing an additional checkpoint vic Zakar village between Sleinji and the District Center
- Electricity is almost non-existent. OP's have no electricity, water or latrines.

## •Governance / Rule of Law

- ACF attacks against ANP and Coalition forces have risen, complex ambushes initiated by IED strikes have resulted in ANP casualties and damaged MRAPS. It is believed that Hadji Mohammad resides in ALI KALA. The ANP are reluctant to enter ALI KALA and other villages that are near this area. A major operation needs to be scheduled for this area soon as the tide of battle will shift if no action is taken, the BSO needs to clear and provincial can augment with reinforcements so ANP can hold these area's.

~~UNCLASSIFIED//FOR OFFICIAL USE ONLY~~

## EAST (TAC 2) TOP ISSUES

- Issue: Provincial Chiefs of Police continue to take ANP manning from the Districts and are over staffing their capitol city ANP forces.  
Fix: Give the Zone Commander authority to punish and/or remove Provincial Chiefs of Police if warranted.
- Issue: Logistics planning for remote or besieged districts is poor  
Fix: Requires re-training of our Provincial Chiefs of Police and their staffs. If that fails then the Zone Commander needs the same authority listed above.
- Issue: Corruption of Senior ANP Leaders continues to thwart all of our developmental efforts. It is the number one problem.  
Fix: Remove severely corrupted leaders now and withhold funding to Provinces and Mol if they fail to comply with NATO directions to remove those identified as corrupted.

CSB	4	Not capable of executing war time mission, currently can only support and protect themselves.
1st BDE HQ	1	1st BDE staff continues to improve the morning BUB by utilizing a Staff Status Tracker, Maintenance Readiness slide and a Vehicle On Hand Supply slide. The BDE is also planning, coordinating and synchronizing a VMO/HA operation for November. Coordinating training to field 6th Kandak and NATO weapons/HMMWV for Kandaks.
DAR GSU	1	3 Month training program focused on Force Protection, Support, and Stability Operations. Base defense exercise conducted on 5 Nov.
1/1 Kandak	3	In order to maintain continuity at the COPs, R-A-G cycle will be conducted with in the Coy's, leaving Red and Amber Plts at each COP. The Green Plt from each Coy will move to Altimur and train/conduct operations with ODA2212.
2/1 Kandak	2	Ability to operate at small unit level is marginal, but will to operate at small unit level is above average. Ability for kandak to plan/sustain operations at company level and above is marginal. Continuing to work on all improvement areas identified. Largest weakness continues to be supply system.
3/1 Kandak	1	Conducting joint ops w/TF Spartan in Wardak and securing South along HWY 1. HWY security and dismounted patrols was primary focus. Working in conjunction with TF Spartan to enhance new Force Pro of COP in Tangi Valley.
4/1 Kandak	1	CS KDK primarily operating as Infantry KDK in North Logar; provides almost no support to other Kdks within the Bde, due to current mission. Ops tempo does not currently allow for significant training on primary mission. Conducts operations with good proficiency.
5/1 Kandak	2	This Kandak is able to conduct CSS and QRF operations without ETT support. In doing so, they have limited communications capabilities with coalition effects. Training focused on FLEs and vehicle maintenance.
6/1 Kandak	3	Approximately 120 received supplemental M16 training at Darulaman. 6th KDK also received the M240B and .50 cal M2 heavy machinegun and have trained and live fired over 80 Soldiers on both weapon.

# 201<sup>st</sup> Corps Training Assessment

UNIT	TRAINING ASSESSMENT	COMMENTS
2ND BDE HQ	1	Training has continued to focus on M16 train the trainer and the process of planning operations. The S1 received training on the new Personnel Information Management System (PIMS). S4 focused on accountability and forecasting.
GAM GSU	3	New unit, currently standing up garrison.
JBAD GSU	1	The M16 training NCO is fully capable of training the GSU soldiers with minimal (if any) help from mentors. They are currently working on training more soldiers as "trainers" so that they can assist with training the rest of the GSU.
1/2 Kandak	1	KDK still requires some work. Since receiving .50 cal machine guns, the entire KDK will begin training with their ETT's on it's employment and maintenance as well as finish the transition to the M16A2 rifle.
2/2 Kandak	1	The lack of a training plan that goes out past the next 7 days limits ability of the companies to build comprehensive training plans that work to achieve the Kandak COs guidance.
3/2 Kandak	1	The Kandak continues to train and qualify on NATO weapons. Joint daily planning meetings are held at the Company and Platoon levels.
4/2 Kandak	3	Training Plan for CS Kandak has not been published, so individual and collective tasks IOT establish above grades do not exist. Draft list of 42 sub-tasks are graded by ETT each month to establish Training
5/2 Kandak	2	Ongoing vehicle maintenance course progressing; continuing to face challenges with student attendance consistency.
6/2 Kandak	3	NATO Weapons training has begun. We have trained 8 ANA NCO's as instructors on the M16 and we are using them as the primary instructors. The new recruits we received after Ramadan were poorly trained and prepared for combat operations.

# 201<sup>st</sup> Corps Training Assessment

UNIT	TRAINING ASSESSMENT	COMMENTS
3rd BDE HQ	1	Staff officers know their job and seem efficient. But they need to develop transversal work and the links with both corps and kandaks. Topography remains a great challenge.
PEC GSU	1	The Garrison continues training to meet the training objectives. No significant changes.
1/3 Kandak	2	Kdk follows a training period in POL-e-CHARKI, its 1st Coy having been sent to TURKEY for a commando training. OMLT will have a better overview as of beginning of december.
2/3 Kandak	1	Kdk deployed in TAGAB and ALASAY districts, where it seems well trained and combat focused.
3/3 Kandak	3	Continues to train to METL in between operations. No significant changes or observations
4/3 Kandak	3	Currently deployed in UZBIN and south of TAGAB valley, Kdk4 shows good skills and willingness for combat patrols. However its needs more training in ENG and ART skills.
5/3 Kandak	1	Fisrt impression is good and Kdk 5 seems ready to improve with the help of its mentors.

# 201st Corps Top Issues

- **Issue:** Winterization  
**Fix:** Expedite MOD 14 process in order to meet immediate needs of FOBs / COPs throughout the AO; supplying heated connexs, tents, generators, stoves, and fuel as necessary. Give Corps Commander access to discretionary funding to fill the gap in emergencies.
- **Issue:** Officer and troop level manning  
**Fix:** Advise MOD to authorize 201<sup>st</sup> Corps Commander to transfer personnel within his command.
- **Issue:** Personnel and equipment accountability  
**Fix:** Advise MOD to clarify accountability policies and more effectively enforce orders through the chain of command. Combine CF and ANA accountability / readiness reporting in order to prevent inaccuracy and redundancy of effort.

## RC-E (TAC 1) COMMANDER'S OVERALL ASSESSMENT

- 202 Shamshod quickly and effectively developed and executed plans to provide supplemental security for the Presidential Inauguration.
- Adverse effects of weather and a shortage of air transportation support in Jan/Feb will negatively effect the capability of the ANP to achieve 100% registration during the PAI (Note – no effort by MoI to coordinate MoD for access to ANA assets to assist in the PAI)

### Chaparhar Cycle 2

Currently **CM 3** as of Nov 09

Projected CM 2 Feb 10

### Personnel (CM2)

Lack of people due to need to man OP Spur 24/7

### Training (CM4)

No regular training, no training plan in place, unable to bring enough people together to collectively train at one time.

### Equipment (CM2)

Does not properly maintain equipment

### Facilities (CM3)

The unit maintains both the district center and an OP. The OP needs material to update their tower at a minimum as the tower is in desperate need of maintenance.

ANP are not provided with billeting. OP Spur do not have materials to reinforce guard towers or repair holes in floor, stairs, and walls.

## RC-EAST (TAC 1)

### TOP ISSUES

- Issue – Lack of lateral flow of information/intel between the Regions and lack of flow of information/intel from Mol (Reports/information/intel only flows up).

Fix –

- NPCC should provide a daily, country-wide synopsis of SigActs to the Regions each morning.
- NPCC should provide copies of SigActs for areas bordering Regional boundaries to the adjacent Regions upon receipt.

- Issue – Mol Logistics continually undermines its own system by telling the Regions/Provinces to “Go to/Get it from your mentors.”

Fix –

- Mol needs to implement the logistics reform as outlined in the latest Mol decrees/policy.
- Decentralize the execution of logistics.
- Give the Regions a budget and the responsibility for executing it.
- Get the RLCs up and operational.
